CAREER OBJECTIVE

Manual Test Engineer with hands-on experience testing web and mobile applications across the full STLC. Skilled in designing and executing test cases, API testing, defect reporting, and supporting UAT in Agile teams. Proficient with Jira, Zephyr Scale, and Postman, ensuring clear documentation and high-quality releases.

Experience

Software Tester, Digital Egypt Pioneers Initiative – DEPI

Nov 2025 – Present

- Perform software testing across the Software Development Life Cycle (SDLC) following ISTQB Level 4 practices.
- Conduct static and dynamic testing including functional, regression, and API testing.
- Design, execute, and document test cases based on test analysis.
- Contribute to a Capstone Project, applying hands-on testing knowledge in real-world scenarios.

Software Tester & Client Support, 7P Marketing & Software

May 2025 – Present

- Managed end-to-end QA for 15+ applications (SaaS LMS, ERP, CRM, car rental, fuel station systems) by gathering requirements from clients, executing manual testing, reporting and validating issues, and delivering solutions.
- Collaborated with UI/UX and Dev teams and provided post-release support and documentation to ensure client satisfaction and actionable feedback.

Projects

-JAW Academy – Manual Tester & Support

Nov 2025 – Present

- Performed manual testing on an LMS platform, covering functional, regression, smoke, and UAT testing.
- Created and executed test cases for user authentication, course management, quizzes, and payments.
- Reported and verified defects while collaborating with developers

- Jovani ERP System – Manual Tester & Support

Sep 2025 – Present

- Worked on implementing and testing an ERP system for fashion and apparel businesses, helping teams manage orders, inventory, employees, and customers smoothly.

- Eagles Car Rental System – Manual Tester & Support

Jun 2025 – Present

- Tested the full booking flow from search to confirmation, validating pricing, dates, and availability.

- SaaS LMS Platform – Manual Tester & Support

May 2025 – Present

- Performed end-to-end manual testing across 15+ core modules, including user registration, course enrollment, certifications, and payment workflows.

- Parla Chat-Bot (Graduation Project)

Dec 2022 – Jun 2023

Mental health chatbot using Flask, Firebase, Dialog-Flow.

Education

Computer Science & Artificial Intelligence, Helwan University Bachelor's Degree

Sep 2019 – Jun 2023

Major: Information Systems

Courses

Software Testing Bootcamp, Udemy - Tarek Roshdy	Jul 2025 – Nov 2025
<ul style="list-style-type: none">Hands-on training in manual and automation testing, including requirements analysis, test case design, defect reporting, Agile testing, API testing with Postman, and web automation using Selenium, Java, and TestNG, aligned with ISTQB fundamentals.	
Microsoft SQL Server, Route - Aliaa Tarek	Mar 2025 – May 2025
<ul style="list-style-type: none">I studied database fundamentals, SQL queries (SELECT, JOIN, subqueries), data manipulation, constraints, indexing, and basic database design, with practical exercises using Microsoft SQL Server.	
C# Fundamentals & OOP, Route - Aliaa Tarek	Jan 2025 – Mar 2025
<ul style="list-style-type: none">Learned C# basics, object-oriented programming concepts (OOP), including classes, objects, inheritance, polymorphism, encapsulation, and exception handling, with hands-on coding practice.	

Skills

- Testing Skills:** Test Cases, Test Scenarios, Functional Testing, Regression Testing, Smoke Testing, Integration Testing, User Acceptance Testing and API Testing.
- Tools:** Postman, Jira, Zephyr Scale, Trello, Postman, SSMS, VS Code
- Soft Skills:** Attention to Detail, Requirements Gathering, Communication, Problem Solving, Team Collaboration, Time Management, Customer Handling, Adaptability
- Programming:** C#, OOP, Java, HTML, CSS
